Your Headquarters For

A Complete Assortment of Fine Hardy Perennials

You will find Weller's Perennials the best-

BECAUSE we make a **SPECIALTY** of growing them to perfection, and have the experience of more than 50 years in the business. Our plants make **REAL ROOTS**, and what is more important to a Perennial than a **GOOD ROOT SYSTEM**.

TOP QUALITY PLANTS: Our plants are all fully developed, heavy material and will bloom and give maximum results the first season after planting. All plants are strong, field-grown, two year old transplants, unless otherwise specified. Biennials are one year old.

PLANT DESCRIPTIONS: Varieties marked (*) are especially suited for cutting; marked (†) are excellent for rockeries; marked (°) are best suited for ground cover. Varieties printed in bold type are exceptionally good. The flowering period is indicated by the name of the month as: "May-June."

QUANTITIES AND PRICES: 25 or more plants of a variety or color sell at the 100 rate; 10 to 24 plants of a variety or color sell at the 10 rate; 5 to 9 plants of a variety or color sell at 5c per plant above the 10 rate. We cannot ship less than 5 of a variety or color.

All stock is carefully packed in wire bound crates or boxes, for which a nominal charge will be made based on actual cost of material used. Free packing for payment in advance of shipment.

We will be glad to quote prices on larger quantities. We are growing more plants now and because of our modern enlarged storage and packing facilities, we can ship them on time.

TERMS: Net 30 days; 2% discount 10 days from date of shipment. Special 3% discount plus free packing for cash with order of \$10.00 or more.

SHIPPING: All shipments made F.O.B. Holland, Mich. Customer pays carrier for transportation charges. In case no instructions are given, we will use our judgment as to best carrier, but without any responsibility on our part.

All goods travel at purchaser's risk. Our responsibility ceases when goods are delivered in good order to the carrier. Claims for damage or delay in transit should be filed immediately with the delivering carrier. We are ready to render assistance with the preparation of a claim should you so desire.

Small orders will be sent by parcel post if this is cheaper, in which case postage will be billed to the customer. However, Orders Accompanied by Cash **cannot** be sent by Parcel Post unless sufficient postage charges (about 15% of order) are included with remittance.

WHOLESALE ONLY: All orders from new customers must be written on business letter-heads or must include a State License number for operating a business of a horticultural nature.

PERENNIALS IN FLOWER are extremely useful for adding color and value to your landscape plantings. An assortment of perennials potted early in the spring will furnish you with full flowering plants that can be placed IN FLOWER right on your landscape job. For example, you can have delphiniums for early summer plantings and cushion mums for late summer and fall plantings.

WE WILL BE GLAD TO QUOTE ON LARGER QUANTITIES.

WE ARE GROWING MORE PLANTS THAN EVER BEFORE.

HARDY CHRYSANTHEMUMS

Our Hardy Mums are heavy field grown on a light sandy-loam, which makes wonderful plants, with clean, healthy roots, without stunt or disease. You get the complete field clump loaded with vigorous stolens. Experience has shown that you get more for your money from field grown clumps and you get healthier plants.

PLANT WELLER'S HARDY BOXWOOD IF YOU WANT THE BEST IN EVERGREEN SHRUBS OF BEAUTY.

GOOD NEWS

we proudly announce

IMPORTANT CHANGES

AT WELLERS

Better Plants — Better Service — Better Packing

Reorganization of our key personnel and important revisions in our growing and service techniques were made last summer. Jack Vermeulen, who will continue as Sales Manager, has now been able to direct our growing operations for which he has much experience. The results of these changes are most gratifying this first season. Already we have produced MORE UNIFORM, TOP-QUALITY PLANTS and more of them.

In the past we were often sold out of many items early in the season. Also, as a large wholesaler of a great assortment of perennials we were often forced to buy plant supplies in order to fill your orders. Now we are growing in our own Nursery practically 100% of what we ship. This gives us much better control of our product and assures top-grade, fresh plants of true-to-name varieties.

Packing has been improved and order handling has been speeded up. Packing and shipping are of vital importance to you and we will continue our efforts to perfect this part of our service.

A new modern cold storage room, installed this summer, has revolutionized our handling of plants for shipment and storage. Plants can now be kept fresh and vigorous for shipment at any time desirable for you.

WE SINCERELY INVITE YOUR SUGGESTIONS AND CRITICISMS. Please help us give the service you want by telling us where we can improve.

OUR AIM IS TO SUPPLY THE VERY BEST PERENNIALS
AT REASONABLE, COMPETITIVE PRICES.

\$.50 \$.40

BOXWOOD WELLERI

Weller's Hardy Northern Type

BUXUS SEMPERVIRENS WELLERI

HARDEST — An extremely hardy and distinct strain developed by our Nursery from Buxus Sempervirens and fully tested over the past 20 years in every section of the country. The satisfaction of Boxwood Welleri as the hardest Boxwood on the market is well established now and repeat orders and unsolicited expressions from customers make us happy to continue to offer them.

PRETTIEST — This unusual boxwood forms a beautiful bushy, ball-shaped plant with a deep green foliage that stays green all year — no scraggly growth and no browning in the winter. Do not confuse with Suffruticosa or Korean varieties — Welleri has a deeper green color, the foliage is glossier and more dense and bushy, and it grows faster.

GREATEST USEFULNESS — Welleri is a graceful dwarf bush, ideal for modern landscape plantings where the emphasis is now on low and slow-growing good evergreens. It is also perfect for hedging and formal plantings and planter boxes because it can be trimmed to any size or shape.

BEAUTIFUL BUSHY PLANTS — NOT STRINGY SHOOTS.

ROOTS ARE CLEAN AND FIBROUS — AS BUSHY AS THE FOLIAGE.
